PERFECT FOR THE KITCHEN

Valoré Catalogue

August 2019

Welcome to Valoré, a New Zealand family business with over 50 years experience supplying the New Zealand kitchen industry.

We are proud to introduce to you in this brochure, the Valoré range of high quality European and Project styled sinks, where quality and design have no limits. Our varied and extensive range of quality sinks are suitable for all styles of kitchens, from traditional to modern styling. We welcome you to browse through our brochure and select a sink of your choice from the various sink series that will suit your kitchen, family and entertaining requirements.

The kitchen is now becoming a reflection of our lifestyle, families are spending more and more of their free time in the kitchen with the modern kitchen being designed to create a comfortable and efficient environment and is the main centre for family social interaction. The kitchen has to provide a welcome and homely ambience. Valoré's stylish high quality sinks in the modern kitchen preparation area, make preparation of the family meal and entertaining easier and more enjoyable, not forgetting the practical robust lifetime cleaning of kitchen utensils.

Our carefully designed sinks are not just pieces of furniture but are ergonomically designed, practical, and durable for a life time, The shining metal of Valoré's products is endowed with the pleasant warm image of home and lasting quality. Some highlights of this brochure feature stylish modern contemporary, square brushed stainless sinks, exact replica Butler ceramic sinks of the Victorian design, Geo Rok contemporary stylish composite sinks with glass sliding chopping board and colander, large Jumbo sinks with removable mini bowl, colander and accessories. Unique designer sinks that are distinguished by designs which accentuate the personal nature of the kitchen, excellent for the home entertainer wanting personal distinctive styling in their kitchen entertaining and living.

Only carefully selected, quality and environmentally friendly materials are used in the manufacture of Valoré kitchen sinks. This guarantees their reliability, safety and durability using High grade stainless steel 18 with High chrome content, ensures a lasting shine, while the nickel content 10 enhances resistance to rust.

Valoré's manufacturing partners use top quality stainless steel, employing people with the knowledge, experience and ability for continual quality control, precision engineering and quality service. Valoré's employees are firmly committed to customer service and one of Valoré's determinants is its employees who have the knowledge, experience and ability in serving the customer.

We welcome you to view the Valoré range of sinks and trust that going through this brochure you will find plenty of reasons to choose Valoré for your high quality lifetime sink and preparation centre for your important family care and entertaining needs.

The Valoré team, Julian, Caitlin, Mania, Michelle, and Allan.

Valoré Nano Colour Infused Stainless Sinks - Premium 1.2mm. Top/Undermount.

The colour is fused into the top section of the Stainless Steel becoming part of the Stainless Steel, not a coating. While very hardy and durable it is normal for Stainless Steel to scratch with everyday crockery and utensil use. Scratches, scuffs and marks will show Silver Grey colour of Stainless. Use RM36 Roll Mat to help with scratches.

<p>NOTE: Nano sink colours are not solid colours. Colours will vary in different lights. They will look lighter in lighter lights and darker in darker lights.</p>	 <p>NEW PU3440GB PU3440GG PU3440BR 390x450 340x400x225 Top/Undermount Overflow 15mm radius Sheen finish</p>	 <p>PU4040GB PU4040GG PU4040BR 450x450 400x400x225 Top/Undermount Overflow 15mm radius Sheen finish</p>	 <p>PU5040GB PU5040GG PU5040BR 550x450 500x400x225 Top/Undermount Overflow 15mm radius Sheen finish</p>	 <p>NEW PU40R-GG PU40L-GG 680x450 200x400x225 400x400x225 Top/Undermount Overflow 90mm Basket Waste Brushed finish</p>

European Stainless Steel Sinks

European Stainless Steel - 18/10 304 Grade

Valoré's European sinks, Mid European range, made in Europe from European Stainless Steel. A favourite with designers and kitchen companies. Perfect for family entertaining.

While Stainless Steel is very hardy and durable, it is normal for Stainless Steel to scratch with everyday crockery and utensil use. Valoré recommends model RM36 Drainer Roll Mat to help reduce drainer scratching.

English Butler & Ceramic Sinks

Quality English Ceramic sinks, an exact replica of the Victorian design. Individually handcrafted and finished in fireclay. Cool and silky to touch, the hard non-porous surface gives excellent resistance to all commonly used chemicals and detergents and is extremely resistant to heat. Being individually handcrafted and finished in fire clay, there may be slight imperfections so allow for 5mm - or + measurement tolerance in the finished product.

Undermount sinks suit Granite & Engineered stone tops only

Pyragranite & Tetron - A Mid Range of European Quartz Composite Sinks made from 80% Quartz.

While Quartz is a very hard material, a little care is required to maintain the surface.

Hot Items - Do not place hot pots/pans directly from the element or oven on to the sink surface. Do not pour boiling water into the sink.

Scratching - Pyragranite and Tetron Quartz sinks come in a solid matt colour, while very hard and tough, they can scratch and mark. For further information go to www.valore.co.nz
